

2023 Sexual Assault and Related Misconduct Survey v2

Start of Block: Default Question Block

Consent 2023 Cornell Survey of Sexual Assault and Related Misconduct Cornell is conducting this survey to gather information about students' views of and experiences with sexual assault and related forms of misconduct such as sexual and gender-based harassment, domestic and dating violence, and stalking; and their knowledge of campus resources and policies concerning these forms of violence. Your name was randomly selected to participate in this survey. **Even if you feel that you have no direct knowledge of these topics, your participation is critical to the success of this survey and the accuracy of the data we collect.** Some questions in this survey use explicit language, including anatomical names of body parts and specific behaviors. It is important that we ask the questions in this way so that you are clear what we mean but this may be upsetting. You may decline to participate in this survey, may skip any question you are not comfortable answering, and may exit the survey at any time without any effect on your academic standing, record, or relationship to Cornell. We will protect the confidentiality of your answers. Information about your name, email and IP address will be removed from the data file when the survey closes. The de-identified survey data file will be stored on a secure server maintained by the Office of Institutional Research and Planning at Cornell. Survey results will only be reported in the aggregate and in a manner that does not identify individual students. If you would like to talk to someone confidentially about concerns relating to sexual assault or related misconduct, in addition to, or without making a formal report to the University, please contact the SHARE Office's Cornell Victim Advocate at victimadvocate@cornell.edu (available Monday to Friday, 9 am to 5 pm). If you are in immediate need of assistance, contact the National Sexual Assault Hotline at 800-656-4673; this hotline is available 24 hours a day, 7 days a week. Disclosing an incident on this survey does not constitute formally reporting the incident to Cornell and will not result in any action, disciplinary or otherwise. Should you have issues, concerns, or complaints that you would like to report to the University (and for which you would like the University to take action) please contact a Title IX Coordinator. Students enrolled at our Ithaca and Cornell Tech campuses can contact Lauren Branchini at 607-255-2242 or titleix@cornell.edu. Weill Cornell students can contact Brittney Blakeney at 718-619-5527 or equity@med.cornell.edu.

Yasamin Miller Group, an independent research firm, is conducting the survey for Cornell. If you have any questions about the survey or have difficulty accessing it, please send an e-mail to Yasamin.Miller@outlook.com or call 607-592-1067.

Your information is completely confidential and you may skip any questions you would prefer not to answer or you may stop taking the survey any time. If you would like to talk confidentially to someone at the University about concerns relating to sexual assault or related misconduct, please contact the Cornell Victim Advocate at victimadvocate@cornell.edu (Monday to Friday, 9am-5pm).
